NEW HORIZON
SENIOR LIVING

WELLNESS

Each resident receives personalized care tailored to his/her unique needs and preferences. Our dedicated team of trained CNAs and LPNs deliver hands-on support under the guidance of an experienced community RN. For added convenience, care is overseen by house call physicians, ensuring medical services are accessible and consistent. We closely monitor each resident's health and collaborate with physicians to proactively adjust care plans as needs evolve, providing responsive and compassionate support every step of the way.

LEVELS OF CARE

At New Horizon Senior Living, we understand that each resident's journey is unique, and his/her care should reflect that. Our approach is centered around meeting individuals where they are – supporting independence while providing just the right amount of assistance when needed. **Dining, activities, housekeeping, laundry, and transportation are included in all levels of care.**

Independent Care

Independent Care offers a valuable option, allowing residents to maintain autonomy and privacy while benefiting from a supportive community and access to amenities, services and activities while promoting a fulfilling and enjoyable lifestyle. Residents enjoy the peace of mind of having a supportive environment through access to staff 24 hours a day, seven days a week.

Independent Care-Plus

Offers everything included with Independent Care plus medication management.

Supportive Care

Supportive Care is designed for residents who are mostly independent but appreciate the convenience, safety, and social connections of a community setting. Medication management is given as needed as well as minimal assistance with activities of daily living (ADLs). This level is ideal for those who prefer independent living with the added peace of mind and companionship that a supportive environment offers.

Assistive Care

Assistive Care is tailored for seniors who need regular help with daily routines but still value their independence. It includes assistance with (one to two) ADLs such as bathing, dressing, and grooming, along with medication management. This level provides the right balance of support and autonomy to help residents stay safe and engaged.

Comprehensive Care

Comprehensive Care offers enhanced support for residents with more complex medical or physical needs. It includes assistance with medication management and (one to four) ADLs, health monitoring, and coordination with healthcare providers to ensure well-rounded care. This level is ideal for those who need consistent support but do not require full-time medical supervision, maintaining dignity and quality of life in a nurturing environment.

Comprehensive Care-Plus

Comprehensive Care-Plus is our highest level of care, offering significant assistance with (one to six) ADLs as well as medication management. Residents using this level of care need help with most tasks.

SENIOR LIVING

FINE DINING

At New Horizon Senior Living, dining is more than just a meal—it's an experience. Residents enjoy three nutritious meals each day in an elegant, restaurant-style setting where comfort meets sophistication. Every dish is thoughtfully crafted using fresh, high-quality ingredients, with menus that rotate seasonally and include a variety of flavorful options. From hearty breakfasts to savory dinners and everything in between, our culinary team ensures each meal is both satisfying and nourishing. Whether dining with friends or enjoying a quiet meal, residents can count on warm hospitality, beautiful presentation, and the joy of great food served with care.

LASTING CONNECTIONS

Lasting connections and meaningful relationships are at the heart of everything we do. With a full calendar of activities and events, residents have countless opportunities to engage with one another, share experiences, and form deep, lasting bonds. Whether participating in group fitness classes, enjoying creative workshops, or simply gathering for social outings, the sense of community is strong and vibrant. These connections not only enhance daily life but also foster a supportive, caring environment where friendships flourish. Here, every interaction is an opportunity to create memories and build meaningful relationships that will last a lifetime.

MEMORY CARE

At New Horizon Senior Living, our secure, controlled-access neighborhood is thoughtfully designed for individuals living with Alzheimer's and other forms of dementia. We provide exceptional, compassionate, 24/7 care tailored to each resident's unique needs and preferences.

Our memory care program offers a personalized approach in a warm, intimate setting with a staff-to-resident ratio that ensures attentive support and meaningful connection. We honor each resident's individuality, incorporating his/her personality and life story into customized care plans.

With thoughtfully curated programming and a variety of enriching activities, residents feel a true sense of belonging—supported by a dedicated team committed to creating a safe, nurturing, and engaging home environment.
